

GATOR PREMIUM SADDLE SEGMENT WET CORE BITS

WEL-CO'S GATOR CORE BITS provide the fastest drilling speeds in all types of cured concrete. Their unique segment design accomplishes this by decreasing surface contact or drag while drilling.

Diameter (Inches)	Part #	MSRP
3	G*1403.000	\$ 383
3 1/4	G*1403.250	\$ 414
3 1/2	G*1403.500	\$ 430
4	G*1404.000	\$ 477
4 1/4	G*1404.250	\$ 547
4 1/2	G*1404.500	\$ 523
5	G*1405.000	\$ 647
5 1/2	G*1405.500	\$ 672
6	G*1406.000	\$ 741
6 1/4	G*1406.250	\$ 836
6 1/2	G*1406.500	\$ 857
7	G*1407.000	\$ 891
8	G*1408.000	\$ 1047
9	G*1409.000	\$ 1250
10	G*1410.000	\$ 1383
12	G*1512.000	\$ 1617

*Specify 0 or 1

Applications Specs	
G0	Designed for fast drilling speed in cured concrete with heavy steel reinforcing or critically hard aggregate such as: Chert River Gravel Flint Quartz
G1	Designed for drilling in cured concrete with steel reinforcing that has soft to medium aggregate such as: Granite Slate Glacial rock Limestone
