

WALK BEHIND SAWS

Wel-Co professional walk behind saws have robust 7 gauge steel frames, a powerful Honda 13 hp engine, heavy duty blade shaft, industrial grade ball bearings and steel ball bearing wheels. They are suitable for the demands of professional use and have the reliability and simplicity for home rental.

The powerful Honda engine will cut through concrete, asphalt, and green concrete.

STANDARD FEATURES

- **7-gauge Steel Frame** - less vibration, longer lasting
- **Simple Design** - fewer bolts to tighten, fewer wear items
- **Better Balance** - easier to control, less wear on diamond blades
- **1-Year Limited Warranty** - backed by a 30 year old company that you can depend on
